HOW TO USE — ON-THE-SPOT TREATMENT

2	LET IT SIT Allow 1–2 minutes dwell time. The formula activates on contact and begins breaking down the stain immediately.
3	RUB GENTLY Using a clean cloth or fingers, gently rub in a circular motion to work the product into the fibers.
4	RINSE OR BLOT Rinse with clean water or blot with a damp cloth. For clothing, proceed directly to washing.
5	REPEAT IF NEEDED For stubborn or set-in stains, apply a second treatment. Multiple light applications work best.

HOW TO USE — PRE-WASH LAUNDRY TREATMENT

1	SPRAY STAINED AREAS Before loading laundry, spray Dream directly onto all stained areas of the garment.
2	ALLOW 3–5 MIN DWELL Let the product penetrate the fabric fibers before washing.
3	WASH AS NORMAL Load into washing machine and wash on recommended cycle. Works with your regular detergent.
